DOMAIN:	CLOUD application development

**Welcome, siva!**

To get up and running quickly, please follow the steps outlined below.

### Send your first emails with Twilio SendGrid

#### Create a sender identity

Before sending email, you'll need to create a sender identity. There are [two ways](#) to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.

Your sender identity is the "from" email address your recipients will see in their inbox. [Learn more](#) about this.

[Create a Single Sender](#) [Authenticate a domain instead](#)

**Send your first email**

Please create a sender identity before sending your first email.
